

What is ECB Connect?

The Every Child Belongs Connect (ECB Connect) program, which launched in select regions in July 2025, is a way for providers to access Every Child Belongs resources and services. Providers don't have to know exactly what service fits their needs or call around to find the right support service. ECB Connect makes it quick and easy to request support.

Not in a launch region yet?

Providers and families in regions that are not yet launched can also reach out to local CCR&Rs. If you don't know your local CCR&R, call 1-800-342-6712 or visit the website oregonccrr.org to find out what other resources may be available in your area.

How to Access Support

If you have concerns about a child's behavior—or feel unsure about continuing to provide care for a child—you'll be able to request help quickly and easily:

1. Visit the everychildbelongs.org website
2. Click on the "Start Here" button
3. Fill out a quick form and submit it
4. An ECB specialist will follow up to help

What This Means for Providers

- Caring for groups of young children is meaningful—but hard—work.
- It's normal to need support, and ECB Connect makes it easy to ask for support.
- Get connected to free regional specialists who can , consult, and guide you in creating inclusive learning environments.

What This Means for Families

- Every Child Belongs equips providers with tools and ongoing support to help children thrive and belong.
- Building strong partnerships between families and providers leads to better outcomes for everyone.
